NATIONAL ENDOWMENT FOR THE HUMANITIES CONSULTANT VISITS SALVE

Dr. John Marcel, Salve's consultant for the American Studies Grant which was awarded by the National Board of Consultants, spent two days on campus this past week. Dr. Marcel will be periodically returning to Salve to work with the Administration, Faculty and Students in designing an interdisciplinary humanities curriculum for the American Studies Program. Sister Ann Nelson drew up Salve's proposal and will be working very closely with Dr. Marcel. Dr. John Marcel is chairman of the Department of American Studies at Skidmore College, New York. Dr. Marcel expects to return to Salve at the end of March and to be on campus on the 27th, 28th and 29th. His first visit was an overview during which he reviewed Salve's Library holdings and spoke with members of the Administration, Faculty and Students.

Salve was one of 27 colleges in the United States to be awarded a National Endowment for the Humanities Grant. The National Board of Consultants Program has for its goal to infuse new life into the humanities programs of institutions by strengthening the curriculum which, in turn, will attract talented students.

Truman Scholarship Foundation will make their selection of a winner and alternate from each state on April 18, 1977. Spring Internship Program sponsored by Senator Claiborne Pell. The interns will work in the Washington office of Senator Pell and will be given an opportunity to become involved in the legislative process while carrying out their assigned duties.

Miss DeLano, class of 1977 lives in Middletown and is majoring in Criminal Justice. Jill hopes to work as an Agent with the F. B. I. after graduating from Salve.

Mr. Griffin, class of 1978 from Clinton, Connecticut is a Philosophy major. Thomas hopes to learn first hand how the workings of political philosophy become reality.

SALVE BASKETBALL COACHES GIVE A REVIEW AND PREVIEW

Salve's Women's Basketball Team compiled a record of 4 Wins and 7 Losses during its 1976-77 season. Nancy Fitzgerald, the women's coach, is pleased with the progress the women made in the areas of ball handling skills and playing as a team. Nancy is enthusiastic about next year prospects since one-half of the 12 member squad are Freshmen. The most improved player of the season was Pam Archambeault (frosh). Unfortunately, one star, Karen Novak who is a Junior, will not be able to be a squad member since she will be doing her Med. Tech. training next year.

Coach Nancy Fitzgerald is hoping for more height and a few less injuries next year. She also hopes for more support from spectators. The team members sacrifice their free time to practice and play for Salve and strong support from spectators is an added incentive to win for S. A. L. V. E. !

The Men's Basketball record for the 1976-77 season looks poor on paper - 3 Wins and 16 Losses - but it does not tell the whole story. The team had a grueling 19 game schedule. Coach Tony Ames is very optimistic about the team's potential and feels that Salve's Men's Team will be one to reckon with next year.

Ricardo Lopes (soph) was the most improved player of the season with Ray Reid (frosh) the most spectacular. Paul Murawski (frosh) is the most hopeful asset for next year's team. Another plus is the 5 Freshmen and 3 Sophmores on this year's 12 man team who will, hopefully, be returning. This means that all systems are go for the whistles to blow and Salve's men to put the baskets in and make each game a win for S. A. L. V. E. !

FINANCIAL AID OFFICE ANNOUNCEMENTS AND REMINDERS

The Financial Aid Office announces that special applications for financial aid for Summer, 1977, are now available in the Financial Aid Office, third floor, Ochre Court. These applications, supported by processed need analysis documents, must be received completed in the Financial Aid Office by May 1 at the latest.

The Office once again reminds all financial aid applicants for 1977-78 that the deadline for a complete financial aid file (including processed need analysis document) for Fall was March 1. Due to a possible federal funding cutback for 1977-78, this deadline is even more than ordinarily important this year. Those missing it by more than just a few days run the serious risk of greatly reduced funding or no funding at all from the campus-based financial aid programs for 1977-78.
